## NOTICE TO KEYHOLDERS.

Keys to be used only in case of actual necessity. If this request is not complied with, the Key will be taken from the holder.

Upon the discovery or positive information of a fire near your Signal Box, pull down the hook once and let go; then wait a few moments, and if you hear no alarm from the large Bells or Whistles, pull down again; if you still hear no alarm, go to the next nearest box and give the alarm from that. If no light shows up, wait at the box and direct the firemen to fire. Never signal for a fire seen at a distance. Be sure your box is locked before leaving it.

**Do not give an Alarm for a Burning Chimney.** Give an alarm for no cause whatever, except an actual fire. Second, Third and General Alarms will be turned in only by order of the Chief Engineer or his Assistants.

## STREET AND AVENUE GUIDE OF THE CITY AND COUNTY OF SAN FRANCISCO.

COMPILED FROM OFFICIAL SOURCES.

### EXPLANATIONS.

According to the method adopted in this city for numbering buildings, Market Street is the starting point for numbers on all streets running from it in a northerly, southerly or westerly direction, and the water front for all streets running therefrom in a westerly or southwesterly direction. The numbers on all streets not commencing at Market Street or the water front run in conformity with the numbers of the main streets running parallel with them, except in the case of a few streets which are numbered in an irregular manner.

On all streets between the water front and Central Avenue the even numbers are on the right-hand side, and the odd numbers on the left, starting from the point of beginning. Beyond Central Avenue most of the streets have been numbered in a contrary manner. One hundred numbers, or as many thereof as are necessary, are allotted to each block bounded by main streets; for instance, Montgomery Street commences at Market, and the main streets crossing as you proceed north are Sutter, Bush, Pine, etc. Therefore any numbers between 1 and 100 will be found on the right or left hand side of the street between Market and Sutter, between 100 and 200 from Sutter to Bush, between 200 and 300 from Bush to Pine.

In the streets which are numbered, a dash (—) indicates that the cross street does not extend to that side; (o), the street borders on the bay, or public park, cemetery, etc., consequently there are no buildings on blocks thus designated; (c), the street is not opened through the block, or is interrupted in its course at that point by a public square, cemetery, etc.; (e), end of street.

The following-named localities referred to in the Street Directory are situated as follows: Academy Tract, northwest side of Mission Street, between Silver and Ocean Avenues; Bernal Heights, west of Twenty-sixth Street, between San Bruno Avenue and Mission Street; City Land Association Tract, northwest of San Jose Avenue, near County Line; Clarendon Heights, north of Twentieth Street, between Lincoln Avenue and San Miguel Rancho; College Homestead, east of Mission Street and north of Silver Avenue; Excelsior Homestead, southeast of Mission Street, near County Line; Fairmount Tract, south of Thirtieth Street and east of Mission Street; Flint Tract, west of Castro Street, between Waller and Seventeenth; Islais Creek, from west side of San Bruno Avenue, near Silver Avenue, north and east to the bay; Laguna de la Merced, near the County Line and ocean, 6 miles southwest of City Hall; Lake View, west of San Jose Avenue, from Ocean Avenue south to Railroad Homestead; Mission and Thirtieth Streets' Extension Homestead, near intersection of San Jose Avenue and Castro Street; Ocean View, west of San Jose Avenue near County Line; Paul Tract, between San Bruno and Railroad Avenues, near County Line; Presidio Reservation, west of Lyon, and north of Lake Street to the bay and ocean; Railroad Homestead, northwest of San Jose Avenue, near County Line; Richmond District, west of First Avenue and north of Golden Gate Park to the Presidio Reservation and ocean; San Miguel, near the junction of San Jose and Ocean Avenues; Silver Terrace Tract, between San Bruno and Railroad Avenues, south of Silver Avenue; South San Francisco, south of Islais Creek and east of San Bruno Avenue to the County Line and the bay; Spring Valley Homestead, west of Mission Street, near Silver Avenue; Stanford Heights Tract, west of Bellevue Street, from Twenty-sixth south to Thirty-first Street; Sunnydale Tract, west of San Bruno Avenue, near the County Line; Sunnyside, west of San Jose Avenue, near Ocean Avenue; Sunset District, south of Golden Gate Park from First Avenue west to the ocean; Suto Heights, termination of Point Lobos Avenue, between Forty-eighth Avenue and the ocean; University Homestead, west of San Bruno Avenue, between Silver Avenue and Vistaclon Valley; Vistaclon Valley, between San Bruno Avenue and Mission Street, near County Line; West End Homestead, north and south side of County Line, near Mission Street; West End Tract, between San Jose Avenue and Mission Street near County Line.

ABBREVIATIONS.—N, north; E, east; S, south; W, west; Av, avenue; bet, between; nr, near; S, side.

The neglect of the city authorities for years past to supervise and regulate the numbering of buildings has led to such confusion of numbers on many streets as to make it difficult at times to find the house sought for, even with the aid of a street directory. In addition to this, the changes in the names of numerous streets in accordance with recent orders of the Board of Supervisors has increased the confusion heretofore prevailing, and necessitated the renumbering of several streets throughout their entire length. To counteract as far as possible these changes in names of streets and numbers, we have inserted the old and new names of streets, and, in some instances, an additional column of figures to designate both old and new numbers.
